

PAINTED HEAD EXTERIOR NAILS

15° Wire Coil, Painted, Full Round Head, Ring-Shank Nail

15° Wire Coil, Painted Full Round Head, Ring-Shank Nail

Key Features:

- 304 stainless steel; choose 316 stainless steel for seaside applications and superior corrosion resistance.
- Checker pattern on heads blends with wood grain, reduces glare from sunlight and accepts surface finishes
- Durable painted finish helps heads blend with siding material
- Annular ring shank increases withdrawal resistance to provide a secure attachment that reduces cupping of siding boards
- Slender gauge and diamond point for easier driving
